Experience (Click for more details of my experiences)

Henry Group, **Yangon — Frontend Developer**
2017 June to 2018 January
Contributed as a frontend developer, optimizing UI, resolving bugs, and incorporating additional features through effective communication with backend APIs.

Henry Group, **Yangon — Senior Frontend developer**
2018 January to 2019 November
Managed and maintained all front-end stacks.

Henry Group, **Yangon — Lead Developer**
2019 November - 2023 June
Functioned as the primary technical problem solver, addressing issues spanning client-side (frontend) challenges to servers and services, including cloud VPS and 3rd party services.

ILLUVIUM, **Chief Technical Officer**
2023 June - 2024 February
Established the technical department from its inception, leading the end-to-end process of interviewing, hiring, and managing a team of 15 employees.

Education

Greenwich University, **London**
B.Sc. Business Information Technology
2nd Class Honours (1st Division)

iPACE (Learn more)
I have received proper training in leadership and problem-solving.
